

Year 1 Comprehension 1: Dinosaur's Diary

Once upon a time, there was a friendly dinosaur named Dizzy. Dizzy had a special diary to write about all the exciting things that happened.

One sunny day, Dizzy saw a big rainbow in the sky. It was as colourful as his scales! He used his long neck to smell flowers and met a tiny bug friend named Buzz.

Dizzy splashed in a puddle with his big feet and giggled. He found a shiny rock that sparkled like stars. Dizzy even played hide-and-seek with other dinosaurs, using his tall tail to hide behind trees.

At night, Dizzy looked up at the twinkling stars and wrote everything in his diary. "Today I saw a rainbow, played with Buzz, found a shiny rock, and had fun with friends."

Dizzy loved writing in his diary, and it helped him remember all the wonderful moments. He was the happiest dinosaur in the whole land, with his colourful memories in his special book.
