

## Year 1 Comprehension 10: Mystery Box

Once upon a time, in a colourful classroom, there was a mystery box. It was shiny and blue with a big red bow on top. The teacher, Miss Lily, told her excited students that inside the box was a magical surprise.

The children wondered and guessed what could be inside. Maybe a friendly dragon? Or a jumping kangaroo? With their imaginations racing, they waited eagerly.

Finally, the moment came. Miss Lily opened the box, and out popped a cute, fluffy kitten! Its fur was as soft as a cloud. The children giggled and clapped their hands with joy.

They named the kitten Sparkle and took turns to pet and play with it. Every day, during Storytime, Sparkle would curl up and listen to the stories too.

The mystery box had brought a new friend into the classroom, and the children learned that sometimes surprises can be as wonderful as a fairy-tale. And they all lived happily ever after, with Sparkle the kitten by their side.
