

## Year 1 Comprehension 13: Underwater Adventure

Once upon a time, there were two friends, Timmy the Turtle and Sophie the Seahorse. They lived in the big, blue ocean. One sunny day, they decided to have an underwater adventure.

They swam past wiggly coral and colourful fish. They saw a funny crab doing a dance on the sandy floor. As they went deeper, they found a hidden treasure chest!

Timmy and Sophie opened it carefully and found shiny pearls and a magical seashell. When they touched the seashell, it made music that echoed through the water. The ocean creatures gathered around to listen and dance.

But suddenly, a big shadow appeared – it was Sammy the Shark! Timmy and Sophie got scared and played the magical seashell's music. The music was so beautiful that Sammy stopped and swayed with the rhythm.

From that day on, they all became friends. Timmy, Sophie, and even Sammy had underwater parties with music from the magical seashell. And they knew that in the deep blue sea, adventure and friendship were waiting for them every day.

## Multiple Choice Questions

1. Who were the two friends in the story?

- a) Timmy the Turtle and Sammy the Shark
- b) Sophie the Seahorse and Sammy the Shark
- c) Timmy the Turtle and Sophie the Seahorse
- d) Timmy the Turtle and Sally the Starfish
