

## Year 1 Comprehension 16: The Giant's Sneeze

Once upon a time, in a land of big trees and green hills, there lived a friendly giant named Gus. Gus was very kind, and the animals loved to play with him. One day, while Gus was taking a stroll, he felt a tickle in his nose.

"Achoo!" sneezed Gus, and oh my, it was a GIANT sneeze! The sneeze was so powerful that it made the birds fly up, the trees shake, and the flowers wobble.

Gus looked around and saw that his sneeze had blown some clouds away, revealing a beautiful rainbow. He laughed and said, "Oops! My sneeze was so big that it made a rainbow."

The animals giggled and thanked Gus for the colorful surprise. From that day on, whenever Gus felt a sneeze coming, he made sure to warn the animals with a funny "Uh-oh, here comes a sneeze!" The animals would cover their ears and get ready for the big, funny gust of air.

And so, the giant's sneezes turned into something fun and magical for everyone in the land.

## Multiple Choice Questions

1. What is the story about?

- a) A rainbow that appeared in the sky
- b) A land of big trees and green hills
- c) A giant who loved to sneeze
- d) Animals playing with a giant
