

Year 2 Comprehension 11: Talking Pets

Once upon a time, in a cosy little town, there lived a young girl named Lily. She loved animals and had three special pets – Max the chatty dog, Whiskers the wise cat, and Squeaky the curious hamster.

One sunny morning, Lily woke up to a big surprise. As she entered the kitchen, she heard someone say, "Good morning, Lily!" It was Max, wagging his tail and grinning. Lily rubbed her eyes in amazement! Soon, Whiskers joined in, purring softly, and giving Lily advice on schoolwork. Squeaky, not wanting to be left out, squeaked happily, hopping around his cage.

Lily and her talking pets spent the day playing games and sharing secrets. They even had a secret meeting club in the treehouse! But they knew they had to keep their special talent a secret from everyone else.

As the sun set, they cuddled up together, feeling grateful for their unique friendship. With a smile on her face, Lily whispered, "You're the best pets in the world, talking or not!" And they all fell asleep, dreaming of more exciting adventures together.

From that day on, Lily's life became even more magical, knowing that she had three amazing friends who understood her every word. And the talking pets, well, they were just happy to be a part of Lily's life and share in her happiness. And so, Lily and her talking pets lived happily ever after, cherishing their extraordinary bond and the wonderful adventures they had together. The end.

Multiple Choice Questions
