

Year 2 Comprehension 9: Rose and the Dancing Shoes

Once upon a time, there was a little girl named Rose who loved to dance. She had a magical pair of dancing shoes that sparkled like stars. Whenever she wore them, her feet would start tapping, and she would twirl and whirl around the room.

One day, Rose heard about a big dance competition at her school. She was so excited and practiced every day to get better. But on the day of the competition, she accidentally left her dancing shoes at home!

Feeling sad, Rose tried to dance in her regular shoes, but it just didn't feel the same. Suddenly, her best friend Lily appeared with the dancing shoes in hand. Lily had rushed to bring them to Rose just in time for her performance!

With the magical shoes on her feet, Rose danced like never before. Her moves were graceful, and the audience clapped and cheered. Rose won the competition and thanked her dancing shoes and her best friend Lily for making her dream come true.

From that day on, Rose and her magical dancing shoes danced happily ever after, spreading joy wherever they went. And they lived happily ever after in the world of dance and friendship. The end.

Multiple Choice Questions
